II. BACKGROUND:

The Tourism Act (R.A. 9593) designates the Department of Tourism (DOT) to be the primary planning, programming, coordinating implementing and regulatory government agency in the development and promotion of tourism industry, both domestic and international market. RA 9593 further vest in the DOT the mandate to provide an integrated market development program to attract people to visit the Philippines and enhance the prestige of the country (*Section 5.e. Powers and Functions of the DOT*).

The National Tourism Development Plan identified the Middle East as one of the niche/opportunity-based markets that are emerging markets for the Philippines with high-medium to long-term growth potential that the country can attract with a diversified product portfolio. It is also exhibiting huge population bases that have been categorized as one of the opportunity markets. The Middle East, specifically Saudi Arabia and United Arab Emirates, form part of the New Markets for the Philippines as direct air links exist.
