The additional clarifications are provided for the guidance and reference of the bidder:

Clarifications from the Bidders	Response
1. During our bidders meeting we discussed and it is in your documents that the size of the booth is 72sqm. And it is in the clarification in the attachment that we do not have to redesign the booth design that you sent us. But the booth design is 15sqmx8sqm, totaling 120sqm.	1. Yes, the booth size is a total of 72 sqm only. Kindly disregard the measurements in the booth model design template.
2. Also, from the floor plan that you sent us, the 72sqm is divided into 2 areas, 2 areas consist of 6 booths each with an aisle in the middle. Are we allowed to combine the 2 areas and close the aisle?	2. Per the show's organizer, booth contractors are not allowed to combine or occupy the aisle.
